

## How the City of Aurora Uses Urban Renewal

Urban renewal areas are created and established for one of two purposes:

- to stimulate redevelopment of targeted areas by creating a detailed, community-based plan that provides criteria for the projects to be achieved over time, or,
- to achieve specific projects outlined within the City's comprehensive plan by assisting with financing.

## Aurora's 14 Urban Renewal Areas

- 1) City Center
- 2) Fitzsimons
- 3) Fletcher Plaza
- 4) High Point
